

BLOG December 2010 : Written by Jerry Filor

A small but perfectly formed group of mini supporters rocked up to the pub / eatery to enjoy a superb Indian meal, at The Wheel Inn Rearsby and again Thanks to Pete for organising it all at short notice !

There was just enough room in the car park for the small number of minis that turned out.....only the hardcore drive their mini's in winter !

After recounting the problem of having to compete with Karaoke night each Thursday at the Midland, Gary suggested we try a new venue....The Gate Hangs Well, on the outskirts of Syston, near the entrance to the A46. There are apparently separate rooms which may suit our needs better.

Carl passed me details of a contact from The Mini Forum. The new company is called

25 – 27 The Hall Croft, Shepshed,
Loughborough, LE12 9AN, Tel : 0800 8247
294 www.aseriesspares.co.uk

Apparently they supply nuts, bolts, spanners, sockets, Lucas dizzies and rotor arms, electronic ignition systems and conversions and even cylinder heads....all for the mighty A-series !

SOCIAL BIT :
