

BLOG 26th November 2009 : Written by Jerry Filor

Twelve good men and true turned up at the station Inn, Home of the Quorn Slot car club, to do battle for the Wreake Mini Wanderes F1 slot car trophy.....

For the first time all 6 lanes were used in each session, so all the small differences between each lane had to be learnt quickly. Bob gave us his customary safety talk about track etiquette and then we were all champing at the bit to get started with a few practice laps ahead of the completion proper... Let battle commence !

After a session of intense competition in miniature Jon again emerged as Champion elect on the night, closely followed by a hard charging Chris while Gary ("did you bring my podium") Hurst came in third.

The final surprise of the night, apart from the close proximity of the bar door to the dart board, was the owner of the fastest lap.....(drum roll please.....). Bob confirmed the owner of the fastest lap of the night was Clive ! Well done to Clive who has won the bragging rights for the fastest lap for this year !

As Jon has now been crowned champion for the last three years (3 out of 4 actually – Jon), does he get to keep a trophy, much like you do if you win the world cup 3 times.....

SOCIAL BIT :

Sunday 20th December – Stoneleigh Mini Club Show. 10am – 3pm, keep your eyes peeled for Gary's invitational e-mail of convoy details.
